

See the future before it's homework.

4 nights in Beijing, 3 full days inside China's frontier tech — robots, driverless taxis, smart factories — for **kids ages 10–18 and their parents**. All programming conducted in English.

 **Both July 2026 pilot cohorts sold out** — 49 trekkers (26 children, 23 adults) from 19 families across 6 countries. Parents rated the trek **9/10**.
